Inquiry into Human Trafficking  
and Child Sex Abuse

**SIR JOHN WALSH  
OF BRANNAGH  
ITNJ CHIEF JUSTICE**

# A MESSAGE FROM OUR CHIEF JUSTICE

“It is a far far better thing that I do” (no it is not Paris 1789, but London 2017) and I am reminded of these words because the volume and vindictiveness that has descended on me and my team since we announced the Judicial Inquiry into Human Trafficking and Child Sex Abuse has convinced me that what we do is something so right and so necessary that we will not be stopped or deterred or intimidated in any way. On previous occasions I have cited as a mantra for the I.T.N.J. the Free Access to Courts Act 1400 and what we are now doing is providing free access to the Judicial Inquiry to shine a light on the darkness and to protect the innocent.

REVEREND DR  
NANCY ASH  
ITNJ FOUNDING TRUSTEE

# A MESSAGE FROM THE ITNJ TRUSTEES

Dear reader, in this dossier you embark on a life-altering journey filled with eye-opening and, quite frankly, dark & dreadful information accompanied by in-depth resources compiled by devoted I.T.N.J. colleagues. I beseech you to open your heart-of-hearts with an ocean of compassion to the atrocities against millions of innocents presented here. These pages are not an easy read; they sadly represent the tip of an ugly, big black iceberg. Studying this material has been heart wrenching for me, yet if we do not stand together and take action with this Judicial Commission—*in one voice*—championing the voiceless... then who will? There are only two constants in life: love and change. I submit the time is now for all to awaken to this dreadful blight upon humanity. Together we shall create loving change for every sovereign Soul—in absolute, reconciliation, and healing for all.

# THE FACTS

The numbers speak for themselves – and they only move in one direction... upwards. Though this presentation highlights the high-profile cases which add to these numbers, they remain but a drop in a very big ocean. Nonetheless it is only by shining the light of truth upon these high-profile cases in the public domain that these numbers will begin to decrease.

Whilst the cases in this presentation are separated into categories for ease of reference, they all speak to the same globally orchestrated ritualistic child abuse phenomenon, the ignorance of which is permissioning all other forms of human trafficking and child sex abuse.

The ITNJ Judicial Commission of Inquiry into Human Trafficking and Child Sex Abuse seeks to address this problem

# THE McMARTIN PRE-SCHOOL TRIAL

The McMartin Preschool Trial began in 1984 and was the longest-running and most expensive court case in US history, yet failed to result in any convictions. That case sparked a wave of similar allegations of child sexual abuse at hundreds of public, private, and military-base preschools across the nation. The media managed to paint this as "hysteria" and the pseudo-scientific "False Memory Syndrome" was created as a way to paint the children's allegations as "simply invented". Mainstream media coverage at the time, and Wikipedia and Google search results today, continue attempts to cover up the facts and discredit the voices of the survivors.

Possible connections between the McMartin Preschool child abuse case and the deaths of Karen Klass, then Gerald Klass, were never investigated. Private investigator Paul Bynum died a suspicious "suicide" after being called to testify in the McMartin Preschool Trial.

# THE HAMPSTEAD COVER-UP

During family holiday in summer 2014, **Alisa and Gabriel Draper disclosed** that their father Ricky Dearman had been subjecting them to sadistic sexual abuse since they were very young, and that the abuse was done at school, with their abusers including “all the teachers”, other children’s parents, nurses, social workers, police, and priests. Alisa and Gabriel **gave detailed descriptions** of bizarre satanic rituals, including sodomy, torture, sacrificial murder of countless trafficked infants, and drinking the blood of the babies. These acts were taking place within ten schools, in churches, and in concealed rooms within private dwellings throughout the affluent Hampstead and Highgate areas.

Upon returning from holiday, their mother Ella and her partner Abraham took the children to file reports with the police. Following the first interviews of **Alisa** and **Gabriel**, the police obtained a court order to take them into custody. Their mother brought **Alisa** and **Gabriel** for second interviews and was not allowed to take them home. Approximately one week after the children had been in “protective” custody, the police recorded third interviews in which both **Alisa** and **Gabriel** retracted their original testimony and drastically changed their stories. Please watch the before and after testimonies of the children for yourself and use your heart and gut to feel into which versions of their stories are true.

In spite of **medical exams** of Alisa and Gabriel finding anal scarring consistent with sexual abuse, no proper investigation was ever done, forensic evidence was never collected at any of the locations they identified, and no-one was arrested. Instead, a concerted effort to discredit their testimony ensued.

# THE SENATOR SCHAEFER COVER-UP

The Corrupt Business of Child Protective Services (CPS), a report by the legislative office of Georgia Senator Nancy Schaefer. Senator Schaefer had been investigating CPS corruption, and is shown here speaking to congress about the endemic problems and her proposed solutions, including revising federal programs that reward foster care and adoption over keeping families together. Her proposed legislative changes were never enacted. She and her husband died under mysterious circumstances.

On March 26, 2010, police from Habersham County Georgia reported that they found Nancy Schaefer and her husband Bruce Schaefer dead in their home. The official report was that it was a murder suicide, and that Bruce Schaefer had killed his wife and then himself. Friends, family, and supporters did not believe the official story, and called for a murder investigation.

“What we are finding now is this trafficking is a lot bigger, and a lot more involved politically than we care to look at, or the media [will] cover. Everybody is afraid because there are some really big heavy hitters that are very influential that are involved.” – Tammi Stefano

“The number of children taken into state custody each year will be the number sufficient to generate the federal fund claims necessary to balance the agency payroll. The net result is a system in which everyone stays employed only if the number of founded child abuse cases and children taken into state custody always increases and never decreases.” – unidentified CPS manager

# THE PRESIDIO ARMY BASE SCANDAL

The Presidio Army Base Scandal involved children allegedly being taken from the Presidio Army Base day care centre to private homes on the Presidio where they were sexually abused. Two houses were singled out on the Army post and at least one home off-post, in San Francisco. The activity was said to be led and organised by Col. Michael Aquino, known paedophile and career Army Intelligence Officer responsible for supervising implementation of the MK-Ultra mind-control program at military bases across the nation. The Presidio child abuse allegations began a wave of paedophilia investigations at military base pre-schools nationwide.

Allegations of the Presidio children included being forced to drink urine and eat faeces. Some said they had blood smeared on their bodies. Some children also reported having guns pointed at them. Others said they were told they or their parents would be killed if they spoke of what happened. One 3-year-old boy said he was sexually abused on his first visit to the centre. There were five confirmed cases of Chlamydia, a sexually transmitted disease.

Despite the rumours and allegations, the Army, the FBI, and the U.S. Attorney's Office were united in wanting a simple paedophile case. So on Jan. 5, 1987 the head teacher at the Presidio Base, Gary Willard Hambright was arrested. [Douglas Duane Dietrich](#), military historian and former Librarian at the Presidio Army Base during the tenure of Col. # THE FRANKLIN SCANDAL

In June 1989, the Washington Post headline screamed “Homosexual, prostitution inquiry ensnares VIPs with Reagan and Bush”. It goes on to say that “a homosexual prostitute ring is under investigation by federal and district authorities and includes among its clients key officials of the Reagan and Bush administration. Among the names are government officials, locally based US military officers, businessmen, lawyers, bankers, congressional aides and other professionals...”

The prostitution ring was a child homosexual ring, and despite the blazing headlines and trails that led along the corridors of power and public office, the story was predictably killed by Reagan’s Vice President, none other than CIA head George Bush Senior. Lawrence E. King, Jr., a black Republican who managed the Franklin Community Credit Union was being investigated for embezzlement and fraud, \$38 million dollars worth. But as the case widened it revealed a shocking ring of child prostitution, drugs, Iran-Contra money laundering, and a nationwide child abuse ring and ritual murder. King had also been implicated in the Washington male prostitute ring along with lobbyist Craig Spence who later committed suicide. King was providing children for sexual service to adults in high places.

In 1999, in a court in Omaha awarded Paul Bonacci \$1,000,000 in damages as a result of the Franklin Scandal. In 1993, Yorkshire Television sent a documentary crew to Omaha, Nebraska, to investigate, document, and interview those close to the Franklin Case. Throughout the following months, the crew collected hours of interviews, spending nearly half a million dollars in the process. The title of the documentary spoke its fate. "Conspiracy of Silence" was scheduled to air on May 3, 1994, but the Discovery channel pulled the documentary, and it never aired. John DeCamp said that informants had told him that the documentary had been pulled after Congress struck a deal with cable companies.

# THE DUTROUX SCANDAL

Marc Dutroux had previously been released after serving just 3.5 years of a 13-year sentence for multiple child rape. While in custody awaiting trial for the kidnapping and rape of 6 girls and the murder of 4 of them, Dutroux stated he is part of a national paedophile network whose tentacles stretch right to the top of Belgian society. Regina Louf was one of 11 witnesses who came forward in 1996. She related her teen experiences to a police team under carefully filmed conditions. She described regular clients including judges, one of the country's most powerful politicians, and a prominent banker. She gave names and detailed the houses where she'd been taken with other children to entertain the guests. This "entertainment" was not just sex. It involved sadism, torture, and murder, and she described the places, the victims, and the ways they were killed.

A police Investigator told of a meeting into which he was called where everyone was told to stop the investigation into the larger paedophile network. Judge Jean-Marc Connerotte, heading up the investigation, was sacked by his superiors in the Ministry of Justice.

## MK-ULTRA & RITUALISM

On August 3rd, 1977 the 95th U.S. Congress opened hearings into the reported abuses concerning the CIA's TOP SECRET mind control research program code named MK-Ultra. On February 8th, 1988, a top-level MK-Ultra victim, Cathy O'Brien, was covertly rescued from her mind control enslavement by Intelligence insider Mark Phillips. Their seven year pursuit of Justice was stopped FOR REASONS OF NATIONAL SECURITY. TRANCE Formation of America exposes the truth behind this covert government program and its ultimate goal: psychological control of a nation. TRANCE Formation of America is the first documented autobiography of a victim of government mind control. Cathy O'Brien is a healed and vocal survivor of the Central Intelligence Agency's MK-Ultra Project Monarch operation.

TRANCE Formation of America, was compiled from their testimony for the US Congressional Permanent Select Committees on Intelligence Oversight. TRANCE was released in 1995 when the National Security Act was invoked in court on their case. TRANCE is now in law libraries worldwide due to its exposure of US Government criminal operations that have since come to pass and continue to unfold to this very day.

# FIONA BARNETT MK-ULTRA & RITUALISM

Fiona reported SRA rapes and murders taking place in Catholic and Anglican churches, government buildings, army barracks, at beaches and in the woods, and even at an oil refinery. VIP politicians and actors she says abused her include 3 former Aussie PMs, and Anthony Kidman, who died shortly after her allegations went public.

Fiona Barnett tells shocking stories of Satanic Ritual Abuse, rapes, and murders. She has testified before a Royal Commission, and has yet to achieve the end she seeks: a proper investigation into her allegations, with forensic analysis of places where she says bodies are buried, and altars in Catholic and Anglican churches where she says “so much blood has been spilled, there has got to be DNA evidence.” People she named include 3 former Prime Ministers of Australia amongst many other well-known people, and following Fiona going public with those allegations, many more victims have come forward. And still, there has not been a proper investigation into her reports. Indeed, the first time she tried to make a report to the police, at age 16, they wouldn’t take her statement. Fiona has doggedly persisted for over 30 years trying to get justice, not only for herself, but for the thousands of children who didn’t live to tell their stories, and the thousands who could be saved if only good people responsible for investigating and prosecuting these crimes would take action and wake up to the horrors of ritual rape, torture and sacrifice committed in the worship of Satan, Lucifer, Moloch, Ba’al, and other deities with names stretching back to Babylon.

John Podesta, Hillary's 2016 campaign manager, fell victim to a phishing scam and typed in his gmail password on a fake website. His entire email history was downloaded and passed to Wikileaks. Julian Assange released the Podesta emails in batches during October 2016 in the run-up to the US election. These emails revealed all sorts of corruption on the part of the Clintons and the Clinton Foundation, including State Department access granted on a "pay to play" basis, evidence of child trafficking in Haiti, and Satanic Ritual Abuse in the USA. Citizen investigators all over the world jumped on the laborious task of searching through the Podesta emails. At first they used Reddit for data sharing, but when the #PizzaGate story went viral, the PizzaGate subreddit was censored by Reddit. Most of the data had already been backed up to PasteBin, and the citizen researchers have since moved their data and research efforts to Voat and SteemIt and a new PizzaGate Wiki. The "Fake News" psyop was launched specifically to suppress this story. Ben Swann broke ranks and ran a Reality Check report on national TV, then disappeared for 2 weeks. Google, Facebook, YouTube, and Twitter are actively censoring this story. PizzaGate is one small piece of a global PedoGate.

# JEFFREY EPSTEIN/ ORGY ISLAND

Epstein, who counts among his pals royal figures, heads of state, celebrities and fellow billionaires, spent 13 months in prison and home detention for solicitation and procurement of minors for prostitution. He allegedly had a team of traffickers who procured girls as young as 12 to service his friends on “Orgy Island,” an estate on Epstein's 72-acre island, called Little St. James, in the U.S. Virgin Islands.

In 2006, at the request of Palm Beach Police, the FBI launched a federal probe into allegations that Epstein and his personal assistants had “used facilities of interstate commerce to induce girls between the ages of 14 and 17 to engage in illegal sexual activities.” According to court documents, police investigators found a “clear indication that Epstein’s staff was frequently working to schedule multiple young girls between the ages of 12 and 16 years old literally every day, often two or three times per day.” The U.S. Attorney for the Southern District of Florida prepared charging documents that accused Epstein of child sex abuse, witness tampering and money laundering, but Epstein took a plea deal before an indictment could be handed up.

On Sept. 24, 2007, in a deal shrouded in secrecy that left alleged victims shocked at its leniency, Epstein agreed to a 30-month sentence, including 18 months of jail time and 12 months of house arrest and the agreement to pay dozens of young girls under a federal statute providing for compensation to victims of child sexual abuse. In exchange, the U.S. Attorney’s Office promised not to pursue any federal charges against Epstein or his co-conspirators.

## Police refuse to call off the dogs after VIP child sex ring fiasco

**LAUNCHED** in 2015 to investigate allegations against Sir Edward Heath, Operation Conifer has been dogged by claims that it trades the reputation of a Prime Minister who died more than a decade ago and could not be put on trial.

The operation, which has a staff of 17 and has run up a bill approaching £1million, did not get off to a good start when Wiltshire Chief Constable Mike Veale had to apologise for launching it in front of cameras outside Sir Edward's former house, Arundells, in Salisbury.

Demands to call it off grew last November when Scotland Yard was forced to abandon its Operation Midland investigation into similar claims of a VIP paedophile ring in Westminster. After a flurry of false accusations, Commissioner Sir Bernard Hogan-Howe apologised to former Defence chief Lord Bramall, ex-Tory MP Harvey Proctor, DJ Paul Gambaccini and Lady Brittan, widow of the late Lord Brittan.

Pressure on Operation Conifer mounted after this newspaper revealed how an expert, brought in by police to assess claims that Heath was linked to paedophiles who held satanic orgies, dismissed them as fantasy.

Days after *The Mail* on Sunday report, Mr Veale came out fighting and insisted Operation Conifer was not a 'witch-hunt'. In a surprise statement released on December 2, he said he refused to 'buckle' to demands to abandon the inquiry, and stressed his officers had not spoken to 'Nick', the man at the root of Operation Midland.

The Heath investigation was not a 'fishing trip', he said, adding that he was 'duty-bound' to go ahead with it 'without fear or favour and go where

**By Simon Walters**  
POLITICAL EDITOR

can legally put in the public domain.' Police were 'testing, checking and challenging the evidence and ensuring our approach is proportionate and justified', he said.

Mr Veale argues that although Sir Edward died in 2005, other offenders may still be alive and victims could require support. 'If the force had received allegations of non-recent child abuse against a former Prime Minister and done nothing, what would the reaction have been?'

Lincoln Seligman, Sir Edward's son, responded to Mr Veale's December statement by saying: 'If they have uncovered no evidence after 18 months they should say so. And if Conifer is wound up, [Sir Edward] deserves to be exonerated as publicly

**HEATH ACCUSER 'IS A SATANIC SEX FANTASIST'**

**FLASHBACK:** How we reported on an expert discrediting claims of abuse as he was initially smeared. Shuffling the inquiry's findings off into the night is not acceptable.

Other aspects of Operation Conifer have also come under fire. Wiltshire Police interviewed key figures at *Private Eye* because the satirical magazine joked about summarised Sir Edward's sexuality 40 years ago. They wanted to know if its nickname

# FORMER UK PRIME MINISTER EDWARD HEATH

More than 30 people have come forward with claims relating to former British PM's involvement in a murderous child sex ring. They are all said to have given 'strikingly similar' accounts to Wiltshire Police. The county's chief constable, Mike Veale has said that the allegations are 'totally convincing'. Chief Constable Veale is also understood to support claims that Sir Edward's alleged crimes were reported to police years ago but covered up by the Establishment. The investigation into Sir Edward, called Operation Conifer, was set up in 2015 in the wake of the Jimmy Saville scandal. At one point, Heath was being investigated by no fewer than five police forces – the Met, Wiltshire, Hampshire, Kent and Jersey. The claims include alleged links to a convicted brothel keeper known as Madame Ling-Ling. A paedophile dossier compiled by Labour peer Baroness Castle said he offered young boys trips on his yacht, and in a separate incident one man claimed Sir Edward picked him up hitchhiking in Kent as a 12-year-old in the 1960s and lured him to his Mayfair flat.

Demands to call off Operation Conifer grew last November when Scotland Yard was forced to abandon its Operation Midland investigation into similar claims of a VIP paedophile ring in Westminster. After a flurry of false accusations, Commissioner Sir Bernard Hogan-Howe was forced to apologise to former Defence chief Lord Bramall, ex-Tory MP Harvey Proctor, DJ Paul Gambaccini and Lady Brittan, widow of the late Lord Brittan.

Other reports claim that the former Prime Minister was involved in a cult which regularly slaughtered children as ritual sacrifices in churches and forests around southern England and burnt babies in satanic orgies before men, women and children gorged themselves on blood and body parts.

# DYNACORP CORPORATE FACE OF CIA

Dyncorp is CIA front company in charge of trafficking gold, guns, drugs, cash, and small children. Protected by management, DynCorp employees in Bosnia bought and sold underage girls as sex slaves. Diplomatic immunity allowed both US military and civilian personnel to rape underage victims with impunity. Former International Police Task Force Officer and ex-UN peacekeeper Kathryn Bolkovac uncovered a network of brothels and bars at which kidnapped women were enslaved to "service" UN peacekeepers. She then blew the whistle on DynCorp's human trafficking activities, exposing their involvement in the child sex trade in which they were selling children into Elite pedophile rings in the US from war-stricken countries DynCorp was serving on contract to the US government.

Instead of an investigation of her allegations by the US Attorney's Office, Bolkovac was demoted and harrassed until she fled Bosnia, incriminating documents in hand. Her notes were eventually turned into a book and then a documentary, The Whistleblower. Bolkovac: "The thing that stood out about these cases in Bosnia, and cases reported in other [UN] mission areas, is...that police and humanitarian workers were frequently involved in not only the facilitation of forced sexual abuse, and the use of children and young women in brothels, but in many instances became involved in the child sex trade by racketeering, bribery and outright falsifying of documents as part of a broader criminal syndicate."

In short, sex slave trafficking and pedophilia in its ranks did not prevent DynCorp from winning significant new contracts, including a \$500 million sole-source contract to run police, enforcement, courts, and prisons in Iraq.
